

Installation of the VEC IN-USB-1 Foot Pedal for use with ExpressScribe

Installing the **VEC INUSB-1 Express Scribe** is easy. Simply follow the instructions listed below. An additional driver maybe needed to be downloaded and installed.

- Download and install Express Scribe
- Plug in the VEC IN-USB-1 foot pedal to an available USB port on your computer. If a problem exists with the computer recognizing the foot pedal, you may need to try another USB port.
- If Express Scribe is open and running, close it and restart the application.
- Open Settings/Control.
- Tick "Use Foot Pedal Playback Control".
- Select "VEC Pedals USB".
- Select the "Foot Pedal Control Setup Wizard".
- Follow the instructions on the screen.
- The pedals should now be correctly installed.
