

Lanier Professional 4 Track - 4 Channel Court/Conference Recording System

Model LCR5D Court/Conference

The Lanier **Advocate V** is a four-channel recorder, providing up to six hours of unattended recording time on standard cassettes. The system gives you the option of a fully compatible transcriber. When used with the optional VOR/Time Injector, the Advocate V recorder can also record telephone and/or radio traffic - providing the date and time for each call.

- Up to **six continuous hours** of recording
- Pre-recorded tape sensor – prevents recording over previous information
- Back-up power supply – preserves LED display in case of power outage
 - Optional Transcribing Capabilities
- 4 Individual channels of recording - allows transcriptionists to select a particular track when multiple voices are talking simultaneously

3 Operational Modes:

Sequential - when an automatic changeover takes place as one tape is nearing the end

Changeover - occurs with a 3 minutes overlap, providing continuous, uninterrupted recording

Dual - allows two identical copies to be recorded simultaneously

- 3-position security key - prevents tape from being removed or operators from stopping or pausing tapes.
- Search facility - enables operators to search automatically for any tape position on the recorder.
- Record level indicators - ensures proper audio levels during recording.
- Automatic gain control - gives visual record level to ensure proper audio record level.
- Easy to use design - allows either desktop or rack mounting and all operational controls are located on the front panel.
- Durable and reliable.
