

RECOMMENDED SYSTEM REQUIREMENTS:

For Audio only Playback

- Microsoft® Windows® 2000 SP4**, XP Home/Professional SP1/SP2
- 300 MHz Intel® Pentium® processor
- 128 MB memory
- 800x600 High Color (16 bit) display
- Windows compatible stereo sound card
- FTR compatible Foot Control

For Audio & Video Playback*

- Microsoft® Windows® 2000 SP4**, XP Home/Professional SP1/SP2
- 1 GHz Intel® Celeron® processor
- 256 MB memory
- 800x600 High Color (16 bit) display
- Windows compatible stereo sound card
- FTR compatible Foot Control

*Specifications listed are for Small video (i.e. 320x240). Large video (i.e. 640x480) requires a 2.8 GHz Celeron D 335 and 1024x768 High Color (16 bit).

**TheRecord Player requires DirectX® 9 and Windows Media® Player 9 to be installed when using Windows 2000.

NOTE: As with any software there are hardware and software requirements which need to be in place prior to installing and using TheRecord software. While this list shows the recommended system requirements, it is important to be aware that using additional programs may require a higher specification.

TheRecord Player is a **FREE** program available for download from the FTR web site that court administrators, judges, court monitors and clerks, and transcribers can use to review, play back, share and copy audio/video proceedings captured by an FTR recording system—all without fast forwarding or rewinding a single cassette.

Although its audio/video play back features are the most advanced available, TheRecord Player's "tape recorder-style" features are easy to understand and learn. Users have complete control over the audio/video play back process. They can choose to review an entire audio/video proceeding, or select specific, relevant segments. They can also increase or decrease the master volume, or the volume of individual channels, as well as turn individual channels on or off as required.

TheRecord Player eliminates the need to rewind and fast-forward cassettes, and does away with tape recorder maintenance problems forever. Download it **FREE** from the FTR web site at www.fortherecord.com.

Versatile Features That Help You Improve Productivity

Convenience

- FREE download from FTR web site – www.fortherecord.com.
- Copy audio/video records onto any high-capacity digital media.
- Excellent play back sound quality.
- Electronic delivery and play back from anywhere within the court network.
- Time-referencing feature eliminates inaccurate index numbers.
- Define and save a specific range of audio/video.
- Compliant with accessibility requirements for disabled users (*Section 508 in USA*).
- Compatible with Crestron and AMX control and automation systems.

Ease of Use

- Easy-to-use "tape recorder-like" interface.
- Direct access to audio/video without rewinding or fast forwarding cassettes.
- 4-channel isolation and complete audio/video play back volume and speed control.
- No more tape recorder maintenance problems.
- Complete foot pedal control for hands- free navigation.

How TheRecord Player Helps You Function More Efficiently

ForTheRecord®

VERSATILE!

Court Administrators

- Copy and distribute audio/video quickly and efficiently.
- Decrease storage media and storage space costs.
- Access relevant portions of testimony at the touch of a button.

Court Clerks and Electronic Court Reporters (ECR)

- Play back audio/video without interrupting recording.
- Use with TheRecord Annotator™ (included in TheRecord Reporter and sold separately) to facilitate the note-taking process.

Transcriptionists

- Play back audio/video over a network.
 - Locate required audio/video quickly without fast-forwarding and rewinding cassettes.
 - Complete speed and play back volume control.
- Isolate channels to hear all participants clearly.
 - Use with TheRecord Annotator™ (included in TheRecord Reporter and sold separately) to reference the court's log notes and facilitate the transcription process.

Judges and Lawyers

- Review recorded proceedings and testimony in court or chambers.
- Quick access to relevant portions of testimony at the touch of a button.
